Full Stack Developer

Jayce Ardon

I'm a Full Stack Developer with a keen eye for design. In the many years building, designing and testing applications, I have continued studying new technologies. As such, I currently have a big interest in AI and Cryptocurrency and am constantly on the lookout to find ways to incorporate said technologies.

More About Me

Design: Design Thinking, Wireframing, Visual Design, Logo Design, Illustration, HTML & CSS

Frontend: JS/TS, React, JSX/TSX, Next, Vue, Nuxt, Vuetify, WebComponents, Styled Components, JSS, SASS, BEM

Backend: Python, C#, WebForms, PHP, ColdFusion, Firebase, MySQL, GraphQL

Tools: Figma, Illustrator, VSCode, iTerm, Netlify, Github, Notion, ChatGPT, DeepSeek R1

Interests: AI, Cryptocurrency, Music, Family, Spirituality

Hobbies: Spending time with my daughter, Playing Guitar, Singing, Cooking, Boardgames

Education

University of Applied Sciences Rotterdam - BSc Mediatechnologie   **2012 - 2017**

Development and Design of Games, Mobile- and Web Applications; learned about core values of programming like OOP, MVC and various Design Patterns. Built multiple projects with HTML, CSS, JS, jQuery, PHP, C#, Java and Objective C.

University of Applied Sciences Rotterdam - Minor Security & Networking   **2015 - 2016**

Setting up Networks, configuring Servers; learned to find vulnerabilities in applications and servers through the use of tooling and hacking. Finished minor with a project where I set up an AWS Linux Server to host a (PHP) application, ran penetration tests and improved security by fixing the found vulnerabilities.

Courses and Certifications

Boot.dev - Learn Memory Management in C	Apr 2025
Boot.dev - Build a Maze Solver	Mar 2025
Boot.dev - Learn Data Structures and Algorithms	Mar 2025
Boot.dev - Build a Static Site Generator	Mar 2025
Boot.dev - Learn Functional Programming	Jan 2025
Boot.dev - Build Asteroids	Jan 2025
Boot.dev - Learn Object Oriented Programming	Jan 2025
Boot.dev - Build a Bookbot	Sep 2024
Boot.dev - Learn Git	Sep 2024
Boot.dev - Learn Linux	Sep 2024
Boot.dev - Learn to Code in Python	Sep 2024
Moralis Academy - Bitcoin Monetary Revolution	Jul 2022
Moralis Academy - Ethereum 101	Jul 2021
Moralis Academy - Blockchain & Bitcoin 101	Jul 2021
Moralis Academy - Crypto for Beginners	Jul 2021
IELTS - International English Language Testing System	2009
